

SAC Minutes
February 15, 2007

Attending: Dawn Morris; Tom Pylant; Cindy Shaw; Nancy Reynolds

The meeting was called to order at 6:30 p.m. Cindy Shaw reported on the books that would be needed for the bibliotherapy project. Teachers and staff have been meeting to discuss how to implement the SAFE project. It has been decided that they will implement a Challenge project similar to one that was presented on the Oprah Show but geared to the middle school. This will also involve introducing students to the services offered by SAFE. Cost of the books is approximately \$3,500. Dawn Morris will present the idea to PTSA to gain their support also.

There was discussion about recent issues relating to discipline and student safety. It is suggested that students be empowered to understand how to react to situations of perceived violence such as reporting possible issues to adults on campus. This would also support SAFE efforts for non-violence. It is important for all students to feel safe on campus.

We will call SAC members before the next meeting to ensure that we will have a representation for voting on the bibliotherapy project funding. Next meeting is March 22, 2007 due to spring break.

Dawn Morris made the motion to adjourn at 7:15 p.m.

Respectfully submitted by:

Nancy Reynolds for Tracy Barry
